

INFANT NEWSLETTER

JULY 2024

Hello everyone and welcome to another month in the classroom. I hope everyone is having fun and has had a great start to the summer. With summer coming into full swing please make sure that your infant is dressed correctly for the heat. We want to make sure that they always stay healthy and happy in the classroom, so their comfort is definitely an important role.

Last month we started introducing water play to some of the older infants in the classroom, and it was a hit so we will continue this as the infants grow, learn, and become more comfortable with the different aspects. Depending on the heat, humidity, and UV we might take walks to the park and back. If you want your child to wear specific sunscreen, please bring it in, so we can apply it when needed, if not then we will apply a brand of sunscreen we have on hand here in the classroom.

An important event that is happening this month is that Mia will turn 1, so make sure to wish her a happy birthday. After her birthday Mia will be leaving us and transferring over to the toddler room, even though we will miss her, we are so excited to watch her grow and learn with her new teachers.

I would also like to note that **the center will be closed Thursday, July 4th**, in the spirit of the holidays. We will resume regular hours the following day Friday, July 5th. If your infant will be missing any extra days around the holidays to spend time with family or any other reasons, please let us know.

Once again, with the weather warming up please make sure your child has appropriate clothing in their bin, and that everything is stocked at all times for your child. Please remember to check your infant's daily gram in case they might need anything. If you have any questions, comments, or concerns please feel free to contact Ms. Jewel or Ms. Teresa, thank you!
