TWO-YEAR-OLD NEWSLETTER

APRIL 2026

Dear Parents,

We are looking forward to welcoming this beautiful spring weather. As spring is approaching, please help us by bringing in anything your child may need, such as spring clothes, sunscreen, a light-weight jacket, etc. Ms. Haylie will be out on maternity leave so if you have any questions or concerns, please don't hesitate to contact Ms. Carsyn or Ms. Teresa.

This month we will be having our Easter party and Easter Egg Hunt on April 4th. We will let you know if there is anything you can help with or bring.

April 11-27th is the Week of the Young Child. This is an annual celebration dedicated to celebrating children and adults that support their growth and development through joyful activities that promote early learning.

We will continue to work on our shapes and colors this month. We have a shape and color of the week every week. We also set goals for the children to include toilet learning, academic skills, language skills and classroom rules/behavior.

We have been working hard at communication with you, please remember to check your daily grams for information about your child as well as supplies they may need such as diapers and wipes.

We ask for \$2 at the beginning of the month so we can give the kids a morning snack to hold them over until lunch.

Thank You,
Haylie-Jo
Carsyn
