

## THREE'S NEWSLETTER

AUGUST 2026

### Parents:

As we move into August we will be continuing to do water play as the weather allows. Once the temperatures cool off we will stop and your child's water clothes will be sent home.

We are starting our month by talking about Oceans and sea animals! August 4<sup>th</sup> is National Watermelon Day! We will celebrate by eating watermelon for snack and learning a little about watermelons. The second week of August is National Smile Week so we will be starting every day with a smile that week! For the last half of the month we will be learning about farms and farming. We will end our last week of the month with farm show and tell! Your child can bring in a farm related item or photo to show and talk about with the class.

### Reminders:

Please help the classroom by providing \$2.50 for snack money each month! This is due the first of the month. Our children love their morning snack, and being able to provide it depends on your donations! ☺

**Please bring your child to the nearest bathroom upon arrival, and wash their hands!** This is so important! Not only is this a requirement (for everyone, including staff), but it's also the best practices to teach your child. Help keep our kiddos well! Staff does not always have the ability to stop what they're doing to wash your child's hands upon arrival, especially if they are in the classroom alone. Please partner with us to help stop the spread of germs!

Have at least 2 extra outfits for your child

Thank you all for your wonderful support!
